

AI-POWERED LEARNING VIDEO TUTORIAL CHALLENGE 2026
CREATE. INNOVATE. EDUCATE. INSPIRE.

Event Title	AI-POWERED LEARNING VIDEO TUTORIAL CHALLENGE 2026
Event Date	September 1-30, 2026
Venue	ICCT Colleges, Cainta Main Campus
Abstract	The AI-Powered Learning Video Tutorial Challenge 2026 is an ICCT-wide contest of ICCT AI.TV Channel 1 that encourages students of ICCT Colleges to showcase their creativity, technical skills, communication abilities, and knowledge in artificial intelligence and digital media. The contest provides students with an opportunity to create engaging, informative, and educational video tutorials using innovative digital tools and artificial intelligence. Through this competition, participants are challenged to transform academic concepts, processes, and learning topics into accessible and engaging video content that can support and enhance the learning experience of the ICCT community. The AI-Powered Learning Video Tutorial Challenge 2026 aims to develop students' creativity, critical thinking, communication, technical, and digital media skills while promoting the responsible, ethical, and meaningful use of artificial intelligence in education. Through this contest, ICCT Colleges aims to inspire students to learn, create, innovate, and share knowledge through the power of artificial intelligence and digital technology.
Organizer	ICCT AI.TV CHANNEL 1 COMMITTEE

AI-Powered Learning Video Tutorial Challenge 2026

Mechanics:

1. Participants

- 1.1 The competition is open exclusively to currently enrolled students of ICCT Colleges.
- 1.2 Each group must consist of three (3) students only.
- 1.3 All group members must be officially enrolled during the 1st Trimester/1st Semester, A.Y. 2026–2027.
- 1.4 All members must actively participate in the planning, development, production, and/or presentation of the video.
- 1.5 Each group may submit a maximum of three (3) video entries, with each entry featuring a different lesson, topic, or output.
- 1.6 All participants must follow the official ICCT AI.TV Channel 1 Facebook Page and subscribe to the official ICCT AI.TV Channel 1 YouTube Channel before submitting an entry. Proof may be required for verification.
- 1.7 Submission of an entry signifies the participants' agreement to comply with the official competition mechanics and guidelines.

2. The Challenge

Each group is required to produce an original, informative, and engaging video tutorial demonstrating the use of any Artificial Intelligence (AI) application or tool EXCEPT; CHATGPT to support academic learning and school-related activities.

The selected AI application may be used for, but is not limited to, the following:

- 2.1** Academic Learning and Study Support
- 2.2** Assignments and School Requirements
- 2.3** Research and Information Gathering
- 2.4** Lesson Review and Summarization
- 2.5** Project Planning and Brainstorming
- 2.6** Presentation and Content Development
- 2.7** Writing and Grammar Improvement
- 2.8** Problem-Solving and Concept Explanation
- 2.9** Other Relevant Educational or School-Related Activities

3. VIDEO REQUIREMENTS

3.1 INTRODUCTION OF THE AI APPLICATION

The video must clearly identify and introduce the selected AI application or tool.
The introduction should include:

- Name of the AI application
- Primary purpose or function of the application
- Reason for selecting the application
- Its potential relevance to students and academic activities

3.2 DEMONSTRATION OF HOW IT WORKS

Participants must provide a clear and understandable step-by-step demonstration of how the selected AI application is used.

- Access the application
- Use its key features
- Enter prompts or instructions
- Show the AI-generated output

3.3 ACTUAL ACADEMIC APPLICATION

The AI application must be demonstrated through an actual or realistic academic or school-related scenario.

- Studying or explaining lessons
- Creating reviewers or practice questions
- Summarizing materials
- Brainstorming project ideas
- Preparing presentations or research

3.4 EXPLANATION OF ITS BENEFITS

The video must clearly explain how the selected AI application may support students in improving their Studies

- Learning and understanding
- Productivity and creativity
- Problem-solving and research
- Academic performance

3.5 CREATIVITY AND ENGAGEMENT

The video should not only provide information but should also demonstrate creativity, originality, organization, and effective communication.

- Screen recordings
- Voice-over or presentation
- Visuals, graphics, and animations
- Appropriate music and transitions

3.6 REQUIRED OUTRO VIDEO

- All participating groups are required to include the official ICCT AI.TV Channel 1 Outro Video, which will be provided by the organizing committee.
- The required outro video has a duration of five (5) seconds and must be placed at the end of the submitted video.

Important: The five (5)-second official outro video is considered part of the required three (3) to five (5)-minute total video duration. Therefore, participants must ensure that the complete video, including the official outro, does not exceed the maximum required duration.

4. VIDEO DURATION

4.1 Required Video Length: 3–5 Minutes

The video must comply with the prescribed duration.

Participants are encouraged to present their content clearly, concisely, and effectively within the required time.

4.2 For every additional one (1) minute or fraction thereof beyond the maximum five (5)-minute duration, one (1) point will be deducted from the group's final score.

5. RESPONSIBLE AND ETHICAL USE OF AI

All participants are expected to demonstrate the responsible, ethical, and educational use of Artificial Intelligence.

AI must be presented as a learning assistant and support tool, rather than a replacement for students' critical thinking, creativity, judgment, and academic responsibility.

5.1 Verify information generated by AI.

5.2 Consult reliable and credible sources when necessary.

5.3 Apply critical thinking when evaluating AI-generated information.

5.4 Avoid presenting AI-generated information as unquestionably accurate.

5.5 Use AI in a manner consistent with academic integrity.

5.6 Avoid using AI to facilitate cheating, plagiarism, or other forms of academic dishonesty.

5.7 Clearly demonstrate appropriate and responsible AI practices.

USE AI TO SUPPORT LEARNING—NOT TO REPLACE IT.

6. SUBMISSION GUIDELINES

6.1 All entries must be submitted through the AI Form provided by the organizers.

6.3 Before submitting the entry, participants must ensure that:

- The video is complete and properly edited.
- The video complies with the required 3–5 minutes duration.
- The submitted MP4 file is complete and playable.
- The names of all three (3) group members are correctly indicated.
- The participant should be submitted and Official Registration form
- The students' section and other required information are properly provided.
- The submitted entry is the group's original work.
- The video complies with all competition guidelines.
- The group must provide the Title of the Video Entry and a brief Description, explaining the content, purpose, and academic application of the selected AI tool.

7. DISQUALIFICATION GUIDELINES

All participants are required to strictly comply with the official mechanics, eligibility requirements, submission guidelines, and ethical standards of the competition.

The organizers reserve the right to disqualify entries that:

- 7.1 Do not follow the required three (3)-member group composition.
- 7.2 Fail to meet the required minimum 3 minutes video duration.
- 7.3 Do not demonstrate the use of AI for educational or school-related purposes.
- 7.4 Contain inappropriate, offensive, discriminatory, or unethical content.
- 7.5 Involve plagiarism, cheating, academic dishonesty, or false information.
- 7.6 Violate copyright or applicable institutional policies.
- 7.7 Contain inaccessible links, corrupted files, or incomplete submissions.
- 7.8 Fail to provide the required information or submit beyond the official deadline.
- 7.9 Contains content that may be considered politically or religiously partisan, or that uses the competition entry to promote, endorse, criticize, or campaign for a political or religious position.
- 7.10 Post, upload, publish, or publicly share their competition entry on any other social media platform or public online platform before or during the official competition period, except when specifically authorized by the organizing committee. This includes, but is not limited to, Facebook, TikTok, Instagram, YouTube, X (formerly Twitter), and other similar platforms.

The decision of the organizers and the official panel of judges shall be considered final and irrevocable.

8. Social Media Engagement and Promotion

8.1 The Top 10 selected entries will be featured on the official ICCT AI.TV Channel 1.

8.2 The promotion and engagement of the video will form part of the official judging criteria.

8.3 Participants are encouraged to promote their featured video and generate genuine audience engagement through:

- Likes on the official video
- Subscriptions to the ICCT AI.TV Channel 1
- Comments stating "SUBSCRIBED"

8.3 Only genuine and verifiable engagement will be considered. The use of fake accounts, automated engagement, purchased likes/subscribers, bots, or other artificial means of increasing engagement is strictly prohibited and may result in deduction of points or disqualification.

The organizing committee reserves the right to verify and validate the engagement data before the final scores are determined.

9. JUDGING CRITERIA

Criteria	Percentage
Clarity and Quality of AI Tutorial	25%
Relevance to Studies and School-Related Activities	20%
Creativity and Presentation	20%
Accuracy and Responsible Use of AI	15%
Overall Video Quality and Organization	10%
Social Media Engagement and Promotion	10%
TOTAL	100%

- 9.1 Clarity and Quality of the AI Tutorial — 25%**
The tutorial should be easy to follow, properly explained, and clearly demonstrate how the selected AI application works.
- 9.2 Relevance to Studies and School-Related Activities — 20%**
The AI application and demonstration should have a meaningful connection to education, learning, academic tasks, or student productivity.
- 9.3 Creativity and Presentation — 20%**
The video should demonstrate originality, creativity, audience engagement, and effective presentation techniques.
- 9.4 Accuracy and Responsible Use of AI — 15%**
The information presented should be accurate, and the video should promote ethical and responsible use of Artificial Intelligence.
- 9.5 Overall Video Quality and Organization — 10%**
The video should be properly organized, understandable, and technically presentable.
- 9.6 Social Media Engagement and Promotion — 10%**
Social media engagement will form part of the judging criteria and may include:
- Shares
 - Notification Bell activation
 - Likes
 - Comments containing “SUBSCRIBED”
 - YouTube subscriptions

10. Winners are categorized as:

- 10.1** The winners will win:

	First Place	Second Place	Third Place
Cash Prizes	P10,000	P8,000	P5,000
Prizes	Medals & Certificate	Medals & Certificate	Medals & Certificate

If two (2) or more of the three (3) video entries submitted by the same group qualify as winners, only the entry with the highest score shall be declared and recognized as the group's winning entry.

11.Awarding

The official winners will be announced on October 15, 2026, through the official Facebook pages of ICCT Colleges and ICCT AI.TV Channel 1. Details regarding the awarding of prizes and recognition will be announced accordingly.

Important Reminder

Choose an AI application that can genuinely support students in their academic journey. Be creative, informative, and responsible in demonstrating how technology can be used to enhance learning and productivity.
